

Stiahnite si aplikáciu **Gdmss Lite pre Android**
alebo **Idmss Lite pre Iphone**

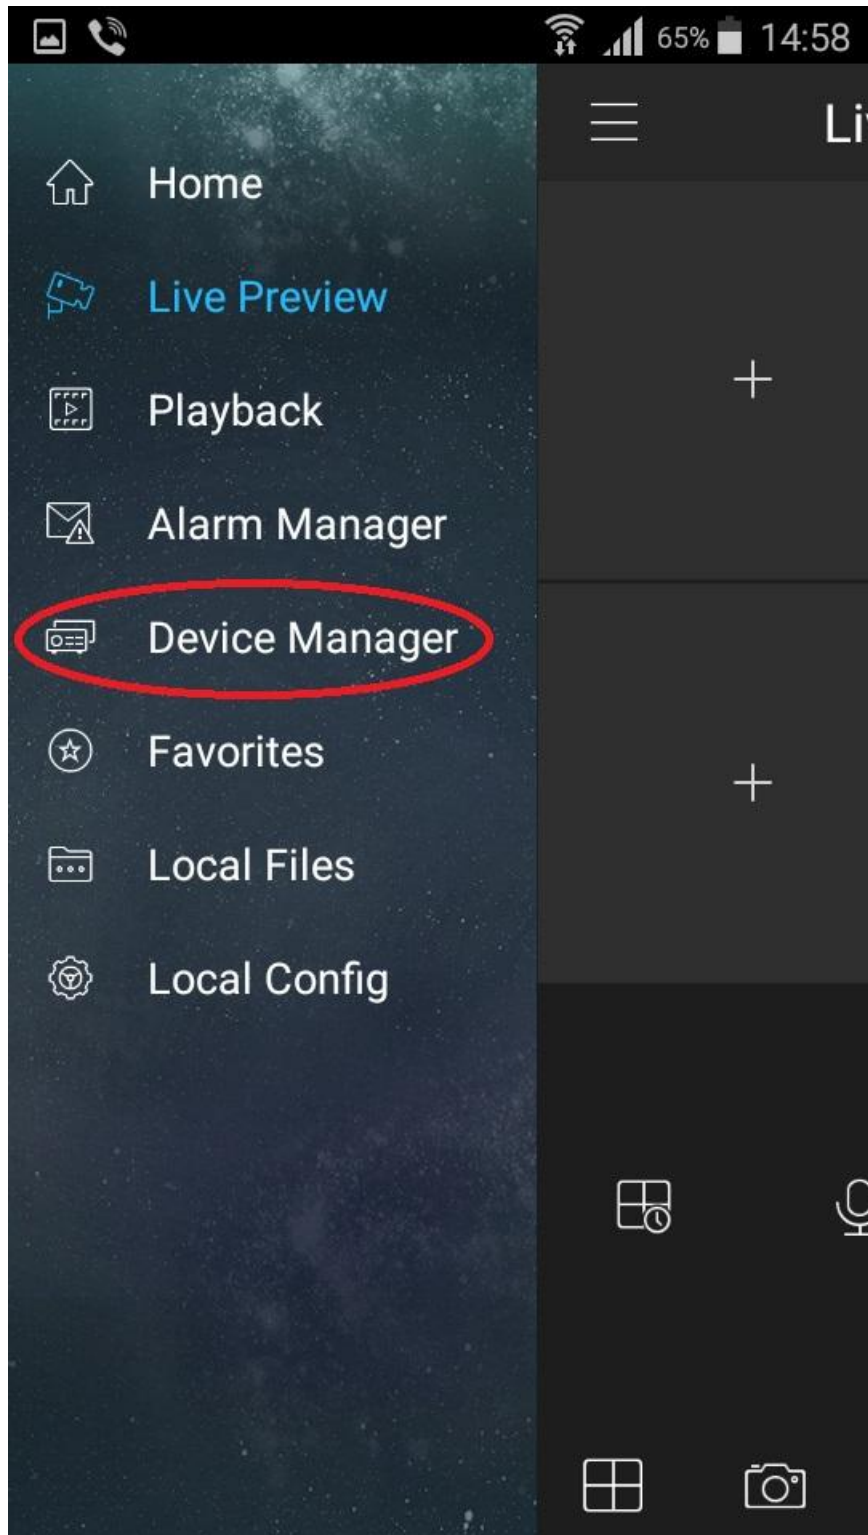

1. Kliknite na ikonku CAMERA.

2. Kliknite na ikonku Menu.

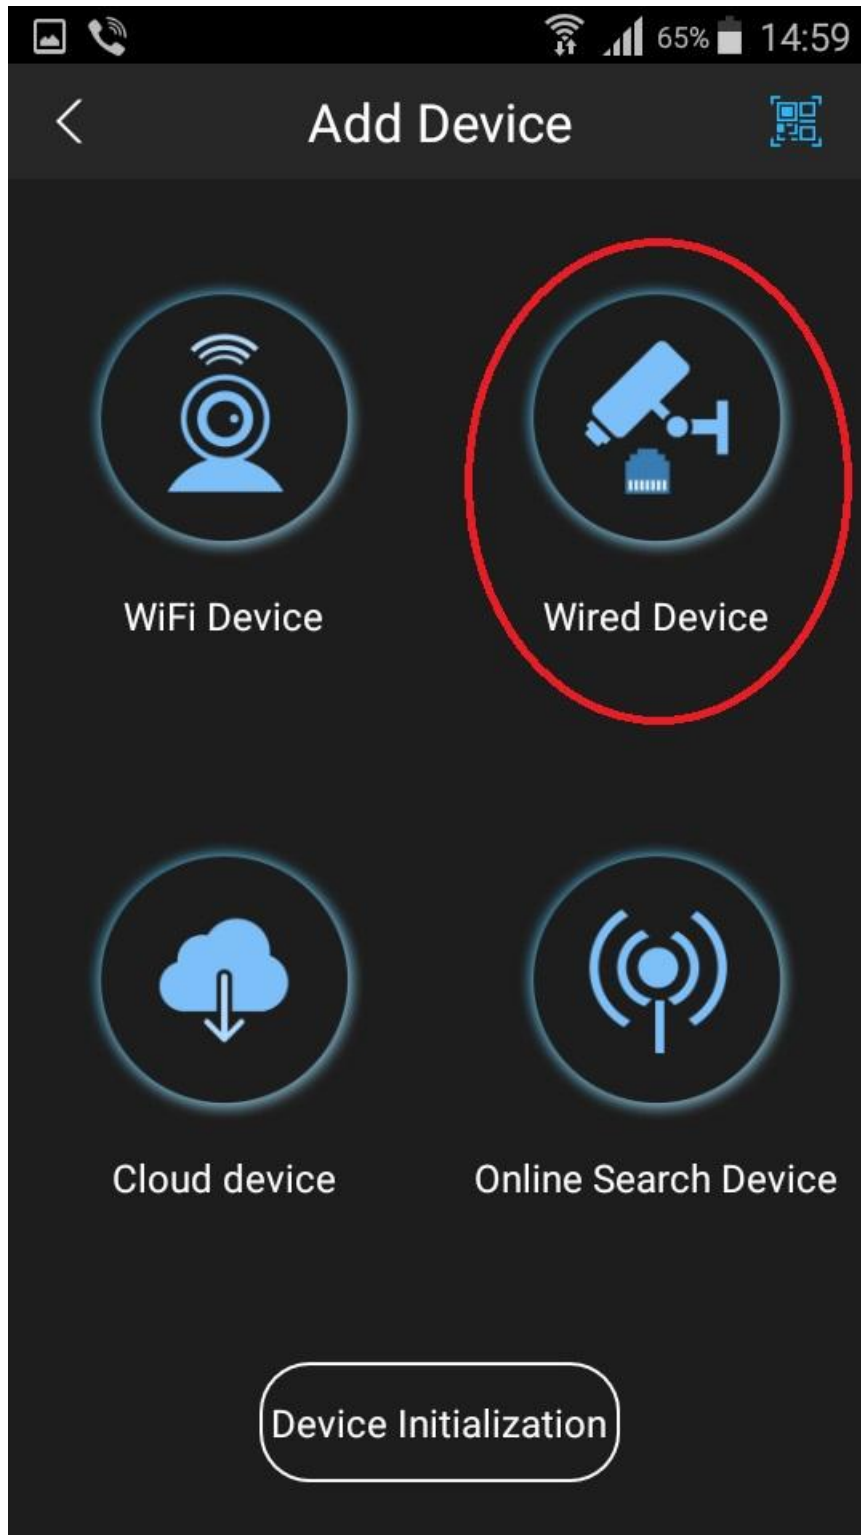

3. Kliknite na Device Manager

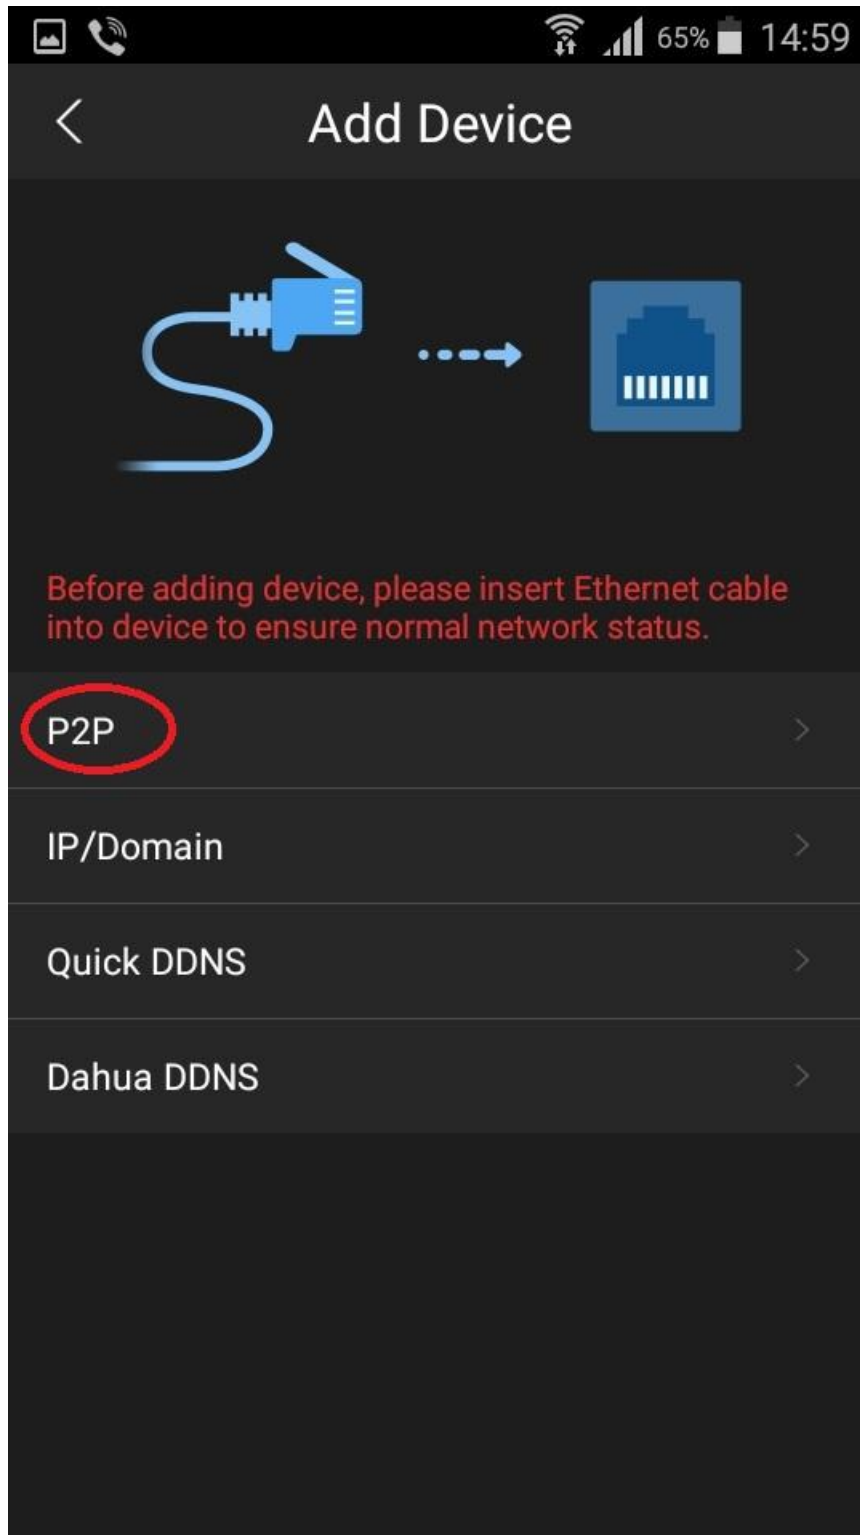

4. Kliknite na ikonku +

5. Kliknite na ikonku Wired Device

6. Zvolte si možnost: P2P

7. Vyplňte všetky označené polia: (údaje Vám poskytne technik kamerového systému)

The screenshot shows a mobile application interface for P2P camera configuration. The screen is dark with white text. At the top, there is a status bar with icons for signal, Wi-Fi, battery (65%), and time (14:59). Below the status bar is a header with a back arrow and the text "P2P". The main content area consists of several rows of input fields and labels:

- Name:** A text input field with a red oval around it. To its right is the label "Meno je zvoliteľné".
- SN:** A text input field with a red oval around it. To its right is a QR code icon and the label "Seriové číslo zariadenia".
- Username:** A text input field with a red oval around it. To its right is the label "Užívateľské meno".
- Password:** A text input field with a red oval around it. To its right is the label "Heslo".
- Live Preview:** A label with the text "Extra" and a right-pointing arrow.
- Playback:** A label with the text "Extra" and a right-pointing arrow.

At the bottom of the screen, there is a large blue button with the text "Start Live Preview" and a red oval around it.

8. Po vyplnení kliknite na Start Live Preview. Údaje sa automaticky uložia.
